About the Department

The department was established in the year 1971 formerly it was started as diploma in Garment making. This is one of the oldest departments since the institute started. The department of computer Aided Costume Design and Dress Making is the platform to get a place in the fashion world. It is imparting training in the areas of pattern making, CAD, Design & Technology to assist the Indian Apparel industry to meet the challenges to the global market. The programme imparts practical knowledge pertaining to apparel manufacturing technology. The students learn about equipment & processes through hands on training in laboratory, classroom & industrial visits.

From the Principal's Desk...

Dr. Ushma Amerao

Dear Readers,

Government Polytechnic for Girls started in 1964 with the aim to provide globally competent skilled girls' technocrat in the field of Engineering as well as non-technical areas like fashion designing.

Initiating something new is always motto of institute. It is my great pleasure for the initiation taken by almost all departments to publish departmental newsletter. A concept behind these newsletters is to disseminate knowledge, skill and information amongst all stake holders. Students, Faculty members and Industrialists related to all diploma branches that are functioning at this institute gets platform to share the upcoming technologies, events in the department and achievement of students and faculties by these newsletters. It is the synergetic approach to transit from better to the best.

Principal

Message from HOD's Desk
